

Name:Brown FKM O Ring

Material:Fluorocarbon,fluororubber,FKM/FPM/Viton

Hardness:70 shore A. Custom hardness is available,range from 50 shore A to 90 shore A.

Color: Brown. Common color:Green,Brown,Black.

Size: standards of AS568、DIN3771、JIS B2401、GB 2452.1、ISO3601 and so on.

Temperature resistance: -10℃~210℃

Advantage: Excellent heat and chemicals resistant.

Application:Widely used in petrochemical industry,automobile,pump system,fluid industry,etc.
