

Name:Neoprene Rubber Washer

Material:Neoprene/Chloroprene rubber (CR)

Hardness: 75 ± 5 shore A. Custom hardness is available,range from30 shore A to 85 shore A.

Color: Black.

Size: 12*5*2mm, 11*4*4mm, if you haven't found your needs, please contact us for customized.

Temperature resistance: -40℃~120℃

Advantage: 1.Excellent performance in Ozone resistance and weather resistance. 2. Tensile strength is good.

Application fields: Construction, automobile, medicine and other fields.
